

NEO C-E

USB-C to Gigabit ethernet adaptor

Instantly connect to a wired network via USB-C

The USB-C to Gigabit Ethernet adaptor provides direct access to super-fast wired network connections, supporting high bandwidth up to 1000Mbps.

Enjoy speed and reliability

Delivering both speed and reliability, the adaptor provides faster data transfer and better security than more wireless connections, perfect for streaming movies, online gaming and web browsing.

Durable design

Comprising of the highest-quality materials, the adaptor is designed in accordance to our stringent standards and built to withstand every day wear and tear.

Connect seamlessly

Its plug-and-play design means the adaptor connects seamlessly to your USB-C equipped device with no driver installation required.

Universal compatibility

The adaptor offers universal compatibility, supporting Windows, Mac and Chrome OS. It is also backwards compatible with 10/100Mbps wired connections.
